Course Information Form (CIF)

Course Code: SUR 239

Course Title: Mock Operating Room Lab II

Department: Allied Health
PCS Code: 1.2 - Occupational/Technical Instruction
CIP Code: 51.0909
Repeatability: 0

Effective Date: Summer 2026

Credit Hours

Catalog Notation: 0-1.5-0.5
Credit Hour Distribution:

Lecture: 0	Lab: 1.5	Clinical: 0	**Total: 0.5**

General Course Information

Catalog Description

Students will actively participate in the performance of clinical skills under the direction and supervision of operating room professionals in the mock operating room at Parkland. Students will practice clinical skills in order to receive evaluation and assistance prior to taking graded practical exams.

General Course Objectives

1. Demonstrate with proficiency the basic skills required to participate as a member of the surgical team.
2. Demonstrate all basic skills included in SUR 232 with excellent sterile technique and an understanding of any needed corrections.
3. Demonstrate consistent development in the acquisition and the performance of sterile techniques and basic surgical skills.
4. Demonstrate independence in the practice of surgical skills.
5. Demonstrate motivation by actively practicing surgical skills.
6. Demonstrate professional behavior in the classroom and laboratory environment.
7. Demonstrate improvement during each laboratory experience.

Minimum Placement Levels

English	Reading	Math
Placement out of ENG 099	Placement out of CCS 099	None

Prerequisites

Credit in SUR 231 and SUR 238
Concurrent enrollment in SUR 210 and SUR 232
Admission into the Surgical Technology program

Methods of Evaluation

SUR 239 is an open lab to practice skills.

Instructional Materials and Additional Supplies

Surgical Technology Principles and Practice, Fuller, Elsevier, current edition
SUR 231/232 Lab Manual, instructor created lab manual
Surgical scrubs

Course Content

General Learning Outcomes (GLOs)

- Communication: Students will demonstrate the ability to read, write, listen, and speak effectively.

Course Segments and Student Learning Outcomes

Course Segment	Learning Outcomes	Lecture Hours	Lab Hours	Clinical Hours
Students will actively participate in the demonstration of basic surgical skills presented in SUR 232.	1. Apply the principles of aseptic technique. 2. Demonstrate the ability to solve problems utilizing critical thinking. 3. Strive to improve skills and knowledge. 4. Accept constructive criticism from instructors to improve performance. 5. Follow program policies. 6. Utilize time management in the practice of basic surgical skills in preparation for practical exam testing. 7. Apply active listening skills. 8. Demonstrate professional conduct, appearance, and good judgment in the mock operating room. 9. Practice the following skills in preparation for practical exams: Suture passing, handling medications at the sterile field, draping, open gloving, a mock laparoscopic cholecystectomy procedure in the 2nd scrub role, and final cumulative mock practical exam in the 1st scrub role.	0	22.5	0
